Game Design with GameMaker

Tuesdays 4:20 – 5:20 pm

(Feb 14, 21, 28, March 14, 21, 28, April 4, 11, 18, 25)

GameMaker is a powerful professional quality game design software, yet it is easy for anyone to get on-board, learn the basics and design a video game in a few sessions! Students will start with a simple games that can be designed using drag and drop operations, then get introduced to Game Maker Language which can be used to develop more advanced games. Join us to learn about the other side of Games!

Mobile Apps with MIT App Inventor

Thursdays 4:20 – 5:20 pm

(Feb 16, 23, March 2, 16, 23, 30, April 6, 13, 20, 27)

Mobile Apps using MIT App Inventor You have a great idea, but do not know how to convert it to a mobile app? No worries. MIT App Inventor enables you to use drag-and-drop mechanism to put your creative ideas to work and make Android apps. While drag-and-drop mechanism is easy to get used to, you will come across lots of components that need to come together to make a complex mobile application.

Pay \$15 @ bit.ly/utd-coding-clubs to register

(Registration will close by Feb 10 or earlier if capacity is reached)
